FAMILY SERVICES OF THE MERRIMACK VALLEY JOB POSTING

Job Position: Psychology Internship
Reports to: Clinical Psychologist
Status: Full and Part-Time Unpaid Internship

POSITION DESCRIPTION

Family Services offers both full time and part time psychology internships for qualified graduate school trainees completing their coursework. The internship offers the opportunity to work with children, adolescents, and adults, both individually and as part of couples' or family treatment at the clinic. There is also the opportunity to provide treatment at local daycare centers and schools and to become involved in both community programs and employee assistance programs.

- For 20 hour/week interns, 1.5 hours of individual supervision, 1.5 hours of small group supervision with other trainees, and one hour of clinical group supervision with other clinical staff is provided weekly by a licensed psychologist.
- For 40 hour/week interns 2.5 hours of individual supervision or whatever is currently necessary for licensing regulations is provided in addition to the group supervision.
- Weekly utilization review committee meetings function as case conferences and provide the opportunity for feedback and training on clinical cases from the clinic's psychiatrist as well as the clinical director and the trainees' supervisor.

QUALIFICATIONS & APPLICATION INSTRUCTIONS

- Successful applicants must have a Master's degree in psychology or counseling and be currently enrolled in an accredited doctoral program in psychology.
- Applicants must submit a letter of intent, a resume, three letters of recommendation, and a writing sample that demonstrates how the potential trainee thinks and writes clinically.
- Appropriate applicants are interviewed by clinical staff.
- The training year runs from the first Tuesday following Labor Day in September through August 31.
- While every attempt is made to plan clinical hours around students' school schedule, Wednesdays from 11-7 are required, as is a minimum of one hour each week on Tuesdays.
